WHAT MEMBERS SAY - THEY JOIN FOR DIFFERENT REASONS,
ARE ANY OF THESE RIGHT FOR YOU?

Concerned about large unpredictable bills when owning an older car

"I can now have the use of a car when I want it without the excessive cost, trouble and worry of running my own"

No car - MHCC gives access to a car

"Prefer not to run a car but need one occasionally in the past we hired one, the MHCC is a much more convenient and cheaper option."

I wish everything were run by the team of people at MHCC!

"They are amazing, they run very smoothly a complex organisation. They are competent, effective, committed, reliable and incredible problem solvers and always find solution to the challenges of the ever changing car rental business world. MHCC is community at its best!"

Reducing our Carbon Footprint Go Electric

"We have bought a 2nd hand, short range EV for all our normal local journeys and use a Car Club petrol car for our occasional Long Distance Trips."

"We have made a big saving."

Need a second car sometimes

"We have a car but there are occasions when we both need it on the same day so the MHCC works really well for us"

Low car use so cost per mile is very high

"The MHCC suits my situation as my mileage is now very low and the cost of continuing to run my own car would make little sense, particularly with such good public transport links. However, the use of a car is essential for shopping, days out, visiting friends and relatives and appointments, Dentist, Hospital, Vet etc."

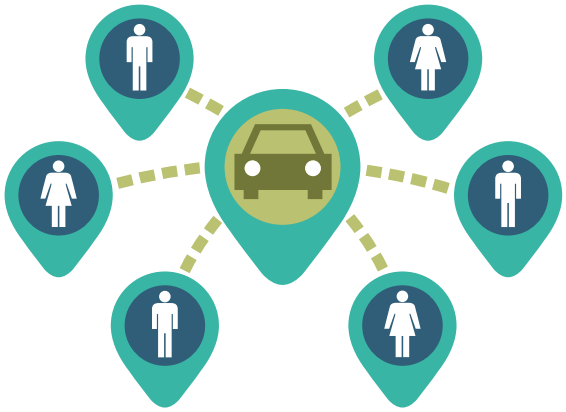

Insurance for emergencies

"I hardly ever use a Car Club car but it is such a good way of dealing with emergencies like my car being repaired or stuck in drive snowbound."

Part of a Community Scheme and Energy Reduction

"My experience of being a member of the MHCC and using a car has been excellent. It's great to be involved in such a collaborative, flexible community led initiative. The club offers a variety of cars that should be suitable for most people's needs."

CHARGING STRUCTURE FOR CARS

One off £24 joining fee and £8 monthly membership fee per household. When you use a car you pay an hourly rate and a mileage rate. If you use a car twice a week you will save about £500 compared with running a small 5-8 year old car.

HOURLY RATE

The hourly rate is shown in the table below. The rate is capped after 8 hours in any 24 hours.

	All Cars
First 8 hours	£4 per hour
Rest of the day	0
24 hour rate	£32

MILEAGE RATE

Petrol cars

The rate is calculated every month based on current fuel cost and our average car doing 45mpg plus an allowance for mileage related wear and tear.

If the car you are using needs fuel you fill it up using our fuel card.

Electric Cars we have 6 of these

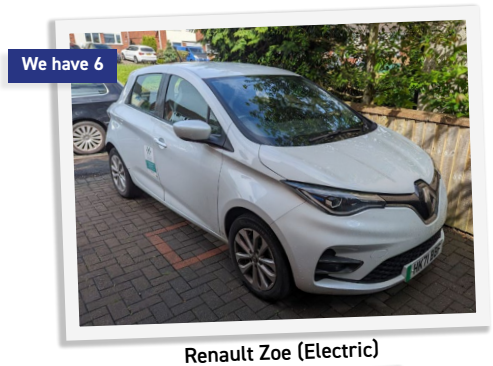

The rate is 12p a mile and always cheaper than the petrol cars.

Please check the most up-to-date charges and locations of cars on our website malvernhills-carclubs.org.uk
